

With United Way
your business goals and
community goals align.

ON-SITE VOLUNTEER PROJECTS

Spokane County United Way's goal is to provide our corporate partners with engaging volunteer opportunities. While assembling kits, you can hear what impact the kits have within an agency's specific work. United Way also offers the option for reflective activities to make your volunteer experience impactful and provide space for team building.

These opportunities strengthen relationships with our agency partners by providing them with items that their clients will find useful.

To arrange a project at your workplace, call Drew Curry at 509-324-5041 or submit an order form 4 weeks in advance of the project date at www.volunteerspokane.org/corporateengagement.

Spokane County United Way fights for the Health, Education and Financial Stability of every person in our community.
