DH

Frank Velazquez
Community Volunteer

Bryan White
Acme Concrete Paving

Kristopher Workman
Comcast

Spokane County United Way's purpose is to meet the challenges that we are facing today and prepare for a better tomorrow. This year marks our 100th anniversary. We are proud of our 100-year history of serving Spokane County and are reliant on generous donors like you to be able to continue to serve for hundreds more. We know that we are stronger together and ask that you unite with us around a shared vision to create safe homes free of child abuse and neglect, increase graduation rates and quality activities for our youth, and increase the financial stability of families to prevent hunger and homelessness.

Since March 2020, United Way has been awarded close to one million dollars in federal funding to distribute to nonprofit, faith based, and government organizations providing food and shelter services.

Thank you for making Spokane County United Way your trusted partner of choice. We are in this together, and we are stronger together.

Tim Henkel
President/CEO
Spokane County United Way
